

FIRE SAFETY CHECKLIST

- Test/Check all Fire Alarms (test alarm, check batteries and replaced expired units)
- Test/Check all Carbon Monoxide Alarms (test alarm, check batteries and replaced expired units)
- Test/Check all Fire Extinguishers
- Plan a Family Escape Route and Action list (Day and Night procedures) and practice a 2 minute drill.
- Clean Dryer Vents
- Clean Furnace
- Clean Fireplace/Chimney
- Check to make sure all windows open and close correctly.
- Check all wires/cords for damage (unplug units not in use)
- Store extra batteries in a safe way/place.
- Test and Clean Space Heaters as needed
- Create an emergency contact list and display it in a main area
- Make sure your house number is visible from the street to make it easy for first responders to find you in case of an emergency. (*clean from greenery and don't display decorations over your house number*)
